

ORIGIN OF WOOD STATEMENT

Data 1.1.2023 – 31.12.2023 Date of issue 14.5.2024

Company UPM-Kymmene Corporation, UPM Communication Papers

Site UPM Nordland Paper Mill, Germany

The purpose of this document is to confirm that our company is aware of the **European Union Timber Regulation** (EUTR No: 995/2010) and meets the compliance obligations.

UPM acknowledges its role as a ‘trader’ and an ‘operator’ within the EU Timber Regulation and has taken all appropriate actions to comply with its requirements. A ‘trader’ is required to keep basic traceability information, indicating from whom they purchase and to whom they sell their products. As an ‘operator’, UPM has a Due Diligence System (DDS) in place, which includes all the elements which are clearly outlined in Article 6 of the EU Timber Regulation.

‘operator’ = a company that first places timber or timber products on the EU market.

‘trader’ = a company that buys or sells timber or timber products already placed on the EU market.

The **EU Regulation on Deforestation-free products** (EUDR No: 2023/1115) replaces the EU Timber Regulation (EUTR No: 995/2010). UPM is aware of the obligations set in the EUDR. During the transition period (ending 30.12.2024) we are taking the necessary measures to be compliant with the regulation.

UPM also complies with **UKTR, CITES, FLEGT, U.S. Lacey Act** and the **Australian Illegal Logging Prohibition Regulation**.

UPM NORDLAND PAPER MILL, GERMANY		
Product and Trade names	Product composition	Tree species
WFC paper (UPM graphic and digital papers)	Hardwood 84 %	Eucalyptus (grandis, urophylla, camaldulensis (and hybrids of these species); benthamii, brassiana, bicostata, dunnii, globulus, pellita, saligna, nitens, smithii, urograndis, tereticornis, urophylla x grandis hybrids, maidenii, viminalis, spp., C. citriodora, C. torrelliana, platyphylla F Muell)
